EXPERIENCE

Democrats.com   2020 – 2020
Backend Developer – 7 month contract
- Decreased time complexity by relegating nonessential external API calls to an asynchronous task queue.
- Normalized input data to decrease conditionality, improve code legibility and standardize data storage.
- Spearheaded the implementation of 130+ unit and integration tests.
- Advocated for standardized CD/CI workflow to reduce merge conflicts and normalize automated testing.
- Created highly reusable RESTful APIs that interact with multiple databases and third-party APIs.
- Optimized and refactored original codebase for improved time complexity, readability, and error handling.

App Academy   2019 – Current
Software Development Technical Instructor
- Trained all new Technical Instructors on professionalism, tech interfaces, and workflow.
- Conducted 20 technical interviews weekly by testing algorithmic aptitude in Javascript, Python, and Ruby.
- Assessed and mentored applicants on soft-skills and technical performance under high-stress bootcamp conditions.

City University of New York   2014 – 2018
Admissions Officer / Enrollment Services Officer

Arthur Murray Dance Studio   2010 – 2014
Ballroom Dance Instructor

PROJECTS

Rendezvous   Live | Github
React, React Hooks, Redux, Rails, PostgreSQL, HTML/CSS
Fullstack clone of Meetup, a social platform used to network people of similar interests and hobbies

Congregate   Live | Github
Javascript, Ruby, Google Maps API, HTML/CSS
Data Visualization application for businesses to target "hotspots" of activity utilizing MTA's turnstile data set

SKILLS

LANGUAGES

Python	HTML/CSS
Javascript	SQL
Ruby	Korean

TECHS

Django	React
Flask	Redux
Node.js	Rails
Pytest	Celery
Jest	Docker

EDUCATION

INCLUSION   2020

Career Acceleration Scholarship program with < 5% acceptance rate. Focused on Frontend Development, Unit/Assessment Testing, CD/CI, System Design, Devops, Data Science.

APP ACADEMY   2019

Rigorous 1000 hour software development course with < 3% acceptance rate. Ruby, Rails, SQL, Javascript, React, Redux, CSS/HTML, OOP, DS and Algorithms.

SUNY BUFFALO   2013

Bachelor of Science: Psychology
